

# **ouch** Fire Safety Training

## **Fire Awareness Training**

### **Course overview**

This course is designed to provide an appropriate level of fire awareness for all members of staff. It is a legal requirement to ensure that employees are aware of the correct actions to take in emergency situations. Experienced and qualified trainers provide a greater understanding of fire safety measures in the workplace, enabling staff to become the first line of defence in the prevention of fire.

### **Who is it for?**

The Fire Awareness Course is aimed at all staff who require fire safety training. This training maybe focused on client specific areas such as: office, construction sites etc.

Topics would typically include :

- Legislation
- Principles of fire safety
- Truth about fire
- Triangle of fire
- Evacuation procedures
- Fire extinguisher use
- Hazard spotting

### **Course objectives**

To provide delegates with a greater awareness of the threat posed by fire to people, property and commercial activity. To give delegates the knowledge and confidence to choose and use fire extinguishers appropriately.

### **Assessment**

Delegates will receive a certificate of attendance.

### **Duration**

Normally between 2- 3.5 hours in duration depending on client requirements. This course can be held in house for up to 12 delegates
