

ouch Fire Safety Training

Fire Extinguisher Training

Each year the correct use of fire extinguishers saves money, preserves lives and prevents injury. Small fires can spread rapidly and trained staff can help to prevent the escalation of minor fires. Our experienced trainers use the latest fire training equipment to demonstrate the safe use of fire extinguishers. Delegates are given the opportunity to use the extinguishers on real fire scenarios.

Who is it for?

This course is suitable for those employees who may need to use a fire extinguisher in an emergency.

Topics covered

- Legislation
- Triangle of fire
- Classes of fire
- Selection of the correct fire extinguishers
- Practical use of fire extinguishers
- Fire extinguisher inspection procedures
- Client specific areas (i.e. gases)

Course Objectives

The delegate will be able to identify and use the correct extinguisher in real fire situations and assist the fire safety manager in their duties.

Assessment

A certificate of attendance will be issued to delegates attending the full duration of the course.

Duration

1.5 - 2 hours. This course can be run in-house for up to 12 delegates.
